

# Temporary Tattoo Instructions

## How to apply to skin:

- 1. Trim to final size/shape.**
- 2. Remove clear film. Note: Avoid touching the adhesive!**
- 3. Place adhesive side down in the desired position on the skin. Note: Skin must be dry and clean!**
- 4. Use wet towel or the like and firmly push tattoo decal against the skin.**
- 5. After 10 to 15 seconds the paper liner releases from the tattoo decal. Remove paper liner and carefully wipe all excess release gel residue off the decal.**
